Town Hall News

Special Town Meeting
There will be a Special Town Meeting on Monday, December 20th at 6:30pm in the Town Hall. Voters will be asked to approve a number of financial articles needed to finalize the Town’s FY 2011 budget. While the timing isn’t ideal amidst the hustle and bustle of the holiday season, the meeting is necessary in order for the Town to set a tax rate for this year. The last day to register to vote at this meeting is Friday, December 10th. Please contact the Town Clerk at 863-8103 if you wish to register to vote.

There will also be a warrant article asking if the Town wants to accept Massachusetts General Law Chapter 138 Section 33B, which would allow the local licensing authority (Selectboard) to consider authorizing the sale of on-premises alcoholic beverages between the hours of 10AM—12 Noon on Sundays. If this statute is accepted by Town Meeting, on-premises license holders (i.e. restaurants and clubs) would need to apply for a change in hours before the early sales could take place.

Gill-Montague District-Wide Meeting Results
In an unprecedented unanimous decision, voters at the November 18th District-Wide Meeting approved a budget for the Gill-Montague Regional School District in the amount of $16,408,162. Gill’s share of this budget, plus previously approved debt for capital projects, is $1,372,238, which is $38,121 less than the $1,410,359 approved at Annual Town Meeting in June. It is expected that an article at the upcoming Special Town Meeting will ask to place some or all of the $38,121 into a stabilization fund for use on FY 2012 school expenses.

Giving Thanks
The Town wants to acknowledge and thank Northfield Mount Hermon for again making a generous annual gift to the Town. Their donation is used to fund special projects and expenses related to providing public safety services throughout Gill.

Town Hall staff wishes to thank our neighbor, Jim Tomasi, for cleaning up the leaves from our front lawn. You did a great job! Thank you!

Capital Improvement Planning Committee
The newly appointed Capital Improvement Planning Committee held its first meeting on November 16th, and elected...
2010, there were three by-laws that were adopted by the Town. The determination has been received by my office and I hereby post and publish the results pursuant to G.L. c. 40, s 32. Copy of this text will be sent to the Attorney General.

**Public Notice**

**Town of Gill**

**Annual Town Meeting**

**June 21, 2010**

**ARTICLE 28:** Move the Town vote to replace the General By-Law enacted September 14, 2009, which established an Energy Resources Commission, with the following:

The Gill Energy Resources Commission, hereinafter called the Commission, has been established pursuant to Chapter 40, Section 8I, of the General Laws of Massachusetts for the promotion and development of the energy resources of the Town of Gill.

The Commission shall: (1) develop and administer programs relating to energy conservation, nonrenewable energy supply and resource development, recycling, energy information, emergency heating assistance, and energy emergencies; (2) advise, assist, and cooperate with state, regional, and federal agencies in developing appropriate programs and policies relating to energy planning and regulation in the Commonwealth including assistance and advice in the preparation of loan or grant applications with respect to energy programs for local agencies; (3) develop local energy data and information management capabilities to aid energy planning and decision-making; (4) promote the development of sound local energy education programs; (5) with the approval of the city or town, apply for, receive, expend, represent and act on behalf of the city or town in connection with federal grants, grant programs or reimbursements, or private grants, keep accounts, records, personal data, enter into contracts, and adjust claims; (6) accept gifts, grants, bequests, and devises, whether real or personal, from any source, whether public or private, for the purpose of assisting the Commission in the discharge of its duties; (7) subject to appropriation, acquire real or personal property; (8) promulgate rules and regulations necessary to carry out their statutory responsibilities; and (9) seek to coordinate the activities of governmental or unofficial bodies organized for similar purposes, and may advertise, prepare, print and distribute books, maps, charts, plans and pamphlets which in its judgment it deems necessary for its work and it shall keep an index of all energy resources within such city or town with the objective of obtaining information pertinent to proper utilization of such resources.

The Commission shall keep accurate records of its meetings and actions and shall file an annual report, which shall be printed, in the annual Town report. The Commission may, subject to appropriation, appoint such clerks and other employees as it may from time to time require.
The Commission shall consist of not less than three nor more than seven members who shall be appointed by the Selectboard. The terms of the members first appointed to the Commission shall be for one, two or three years and so arranged that the terms of approximately one-third of the members will expire each year, and their successors shall be appointed for terms of three years each.

Any member of the Commission may, after a public hearing if requested by the member, be removed for cause by the Selectboard. A vacancy occurring otherwise than by expiration of a term shall be filled for the unexpired term by the Selectboard and the remaining members of the Commission in the manner provided in Section eleven of Chapter forty-one. Passed Unanimously

ARTICLE 29: Move the Town vote to enact a General By-Law, entitled “Stretch Energy Code” for the purpose of regulating the design and construction of buildings for the effective use of energy, pursuant to Appendix 120 AA of the Massachusetts Building Code, 780 CMR, the “Stretch Energy Code”, including amendments or modifications thereto.

STRETCH ENERGY CODE

Section 1 Definitions
International Energy Conservation Code (IECC) 2009 - The International Energy Conservation Code (IECC) is a building code created by the International Code Council. It is a model code adopted by many state and municipal governments in the United States for the establishment of minimum design and construction requirements for energy efficiency. Commencing July 1, 2010, the baseline energy conservation requirements of the MA State Building Code will default to IECC 2009 and MA amendments.

Stretch Energy Code - Codified by the Board of Building Regulations and Standards as 780 CMR Appendix 120 AA, the Stretch Energy Code is the International Energy Conservation Code (IECC) 2009 with amendments contained herein.

Section 2 Purpose
The purpose of 780 CMR 120.AA is to provide a more energy efficient alternative to the base energy code appli-
cable to the relevant sections of the building code for both new construction and existing buildings.

Section 3 Applicability
This code applies to residential and commercial buildings. Buildings not included in this scope shall comply with 780 CMR 13, 34, 61, or 93, as applicable.

Section 4 Authority
A municipality seeking to ensure that construction within its boundaries is designed and built above the energy efficiency requirements of 780 CMR may mandate adherence to this appendix.

780 CMR 120 AA may be adopted or rescinded by any municipality in the commonwealth in the manner prescribed by law.

Section 5 Stretch Code
The Stretch Code, as codified by the Board of Building Regulations and Standards as 780 CMR Appendix 120 AA, including any amendments or modifications, is herein incorporated by reference into the Town of Gill General Bylaws. The Stretch Code is enforceable by the building inspector/municipal code official. Passed By Majority

ARTICLE 35: Move the Town vote to add the following by-law to create a Capital Improvement Planning Committee to its town by-laws:

Section 1. The Board of Selectmen shall establish and appoint a committee to be known as the Capital Improvement Planning Committee (the “Committee”), composed of one member of the Board of Selectmen, one member of the Finance Committee, one member of the Planning Board, one member of the School Committee, and three members at large, for a total of seven members. The terms of the members first appointed to the Committee shall be for one, two or three years and so arranged that the terms of approximately one-third of the members will expire each year, and their successors shall be appointed for terms of three years each. The Committee shall choose its own officers.

Section 2. The Committee shall study proposed capital projects and improvements involving major non-recurring tangible assets and projects which: 1) are purchased or undertaken at intervals of not less than five years; 2) have a useful life of at least five years; and 3) cost over $10,000.
All officers, boards and committees, including the Selectmen and the School Committee, shall, by October 1 of each year, give to the Committee, on forms prepared by it, information concerning all anticipated projects requiring Town Meeting action during the ensuing six years. The Committee shall consider the relative need, impact, timing and cost of these expenditures and the effect each will have on the financial position of the town. No appropriation shall be voted for a capital improvement requested by a department, board or commission unless the proposed capital improvement is considered in the Committee’s annual report or the Committee shall first have submitted a report to the Board of Selectmen explaining the omission. In the case of an emergency capital expenditure, the Committee shall present an oral report as soon as possible.

Section 3. The Committee shall prepare an annual report recommending a Capital Improvement Budget for the next fiscal year, and a Capital Improvement Program including recommended capital improvements for the following five fiscal years. The report shall be submitted to the Board of Selectmen for its consideration and approval. The Board shall submit its approved Capital Budget to the Annual Town Meeting for adoption by the town.

Section 4. The Capital Improvement Program, after its adoption, shall permit the expenditure on projects included therein of sums from departmental budgets for surveys, architectural or engineering services, options or appraisals; but no such expenditure shall be incurred on projects which have not been so approved by the town through the appropriation of sums in the current year or in prior years, or for preliminary planning for projects to be undertaken more than five years in the future, unless the omission...
Section 5. The Committee’s report and the Selectmen’s recommended Capital Budget shall be published and made available in a manner consistent with the distribution of the Finance Committee report. The Committee shall deposit its original report with the Town Clerk. Passed Unanimously

The forgoing By-laws adopted under Article 28, Article 29 and Article 35 of the warrant for the Gill Annual Town Meeting held June 21, 2010, is hereby approved.

Gill Arts And Crafts Fair

The fair went very well, despite Saturday being windy, Claire Chang said, “We had a couple of tent mishaps from high winds, but nothing major. They got them back up O.K.”

There were 65 vendors, with about half of them new. A good crowd turned out on Saturday despite a cool and windy day. The apple pies sold out early. By Sunday morning, only 12 remained, and those went fast. Vegetable soup from the Gill Tavern went over great. The firemen did a brisk business, as usual. A waiter, going out to take orders from vendors who could not leave their stands, provided a very welcome service.

Solar panels furnished by John Ward powered musical instruments on both days for Sam French’s Groove Shoes band, as well as musicians Sunny Crawford, Derek Jordan and Karis-Nix. If Ward had set up a couple of wind mills, he could probably have supplied power for all of Riverside, the way the wind blew on Saturday.

A very mellow crowd showed up. No one needed to be escorted off the premises. Everyone was cooperative in disposing of litter and recyclables. Sandy Brown monitored the situation so that the grounds were clean when the vendors folded their tents and stole away. There were just two little bags of litter, one bag of recycled cans and bottles, and eight big bags of compost of food and paper.
Vendors were happy with the way the fair went. Shenandoah who demonstrated hoops remarked that it was a very nice community. The music helped people experience the rhythm of the hooping.

Karen Cole said she isn’t sure how the bottom line looks, yet. “The bills aren’t all in yet,” Cole said. The pies are a lot of work, but they sold well. We’re lucky there are so many willing volunteers in Gill. We could get more for them. Other fairs get $14 but we want people to be able to enjoy them, and they draw people to the fair.

The Friends of Gill are already planning next year’s fair. More pies are already on the agenda with ideas for other attractions. A shaggy dog attended the fair, but he failed to tell any shaggy dog stories. Maybe he will next year.

by Joe Parzych

Gill Historical Commission

Many visitors came to talk with us at the Gill Craft Fair in October; over 70 visitors from nearby Gill and Turners Falls signed the register while others came from the Boston and as far away as Auburn, NY. One former student at the Gill Elementary School brought her children to show them her classmates in the school photography albums. Coming annually from New Jersey for the craft fair and open collection, one former Gill resident identified some town pictures for us. Someone else wanted to look at the dinosaur footprints and learn about Roswell Field.

This October we had a new display on the residents of Gill in the Grand Army of the Republic. Answering Lincoln’s call for volunteers to fight for the Union, a number of Gill citizens joined the 52nd Regiment. Two pictures are featured in the exhibit. One is a print of a lithograph by William Winner, a Philadelphia artist, in which thousands of volunteers are shown marching to Washington to fight for the Union in May 1861. The other is a print on loan from the Slate Library, which received it as a gift in the early 1900’s from the family of Barney Hale. The drawing of the army volunteers drilling at Camp Brighton in October 1861 was done by John Donovan, a deaf mute volunteer from Springfield, and he is pictured drawing the drill in the print.

In the next issue, the GHC will report on its projects for the next year. Let us know if you have suggestions for ways we can further identify and preserve our town’s history.
